Testimonials:

Enjoyed spending time at camp! It's relaxing and peaceful. The campground staff are very pleasant as well as anyone you meet going thru the campground. Love the location with Prince Gallitzin nearby with boating and fishing!!

- Ginger F.

Absolutely so glad I found this campground out here. Easy access with my 38 ft camper plenty room. Site had afire pit too. Nice clean bathrooms with HOT showers they also have laundry too and have firewood and super cute country store with snacks and drinks too ! This place is absolutely beautiful here and felt super safe too! Trinia and Rick and the staff were absolutely awesome and super helpful! Definitely be back !

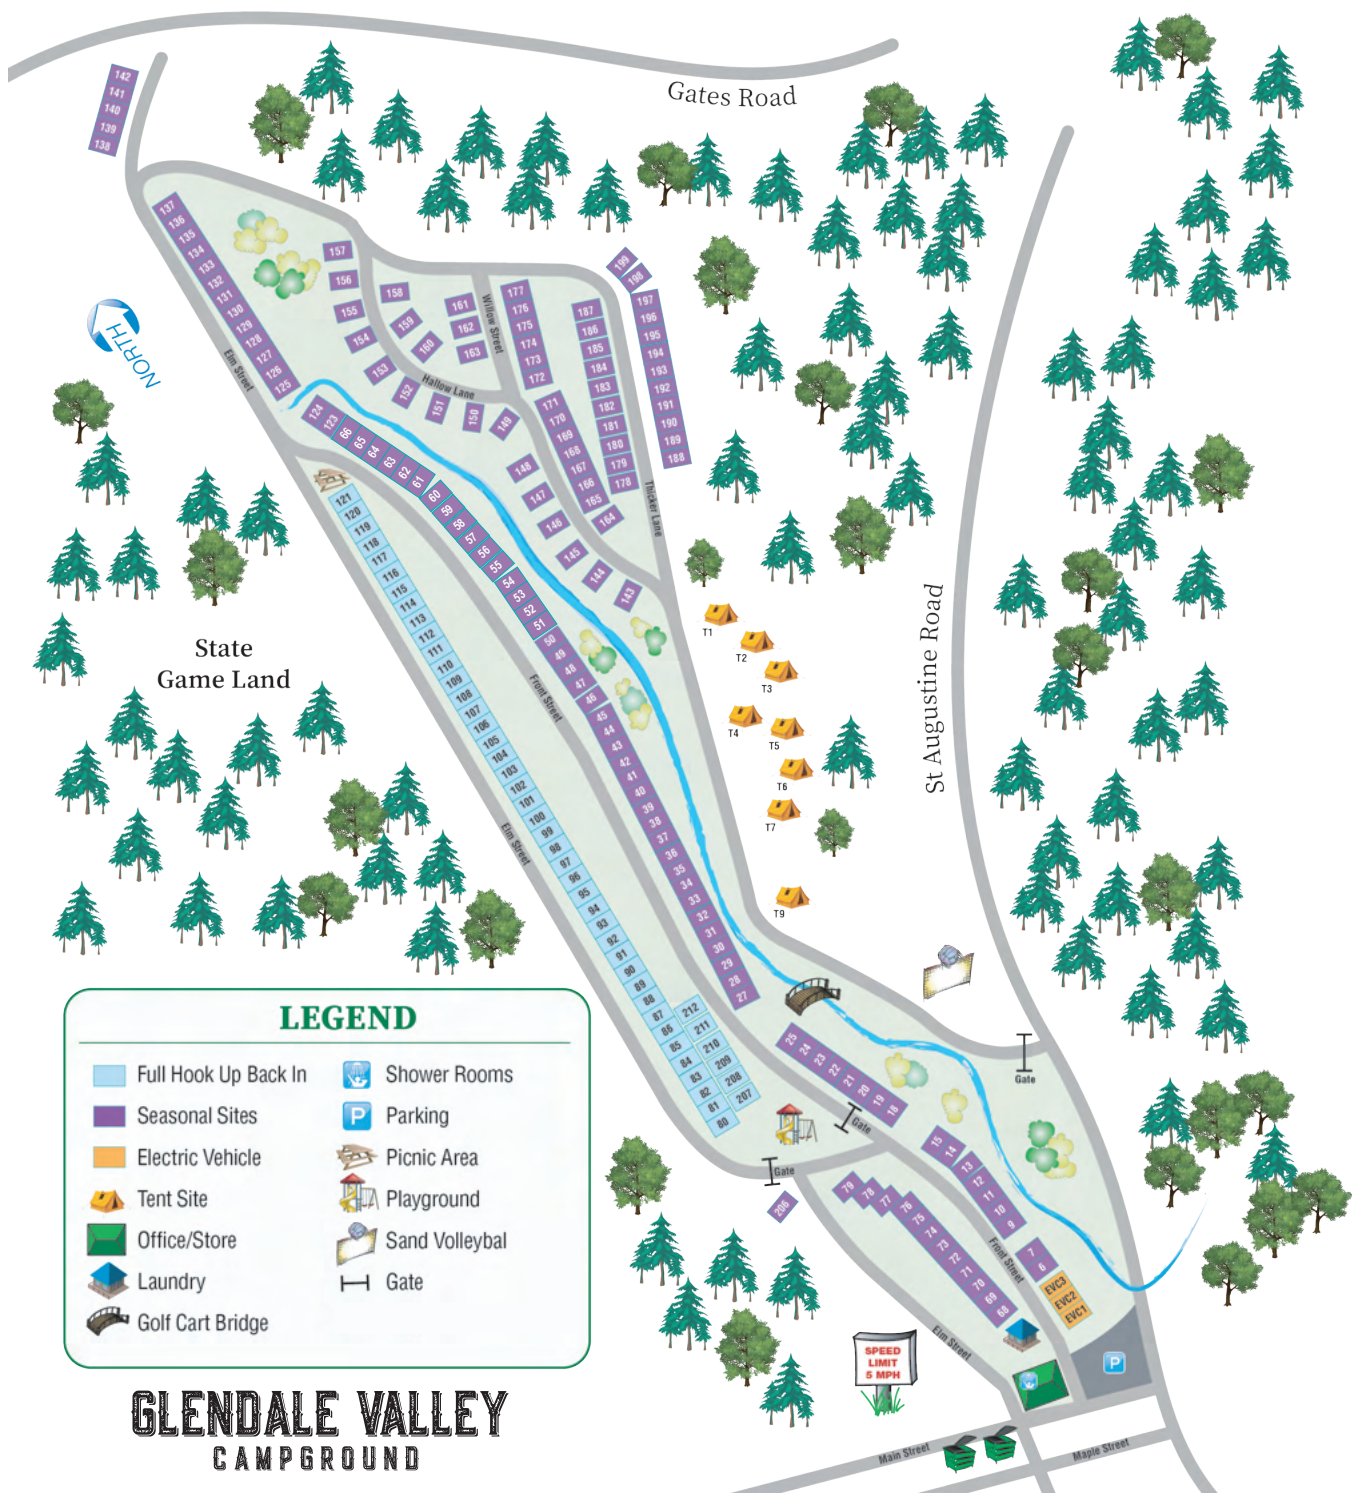

- Lani N.

This is our first year camping at Glendale Valley. The staff here is absolutely amazing. We got a beautiful campsite. It is so peaceful here and quiet. It just has a certain calm to it. I would recommend this campground to anyone friends and family, and I could see us being here for a very long time.

- Kimberly T.

What a little gem of a campground. We were welcomed this summer by Trina and Ernie on check-in. Trina made sure we would fit (we are 42ft) into the site and gave us a few other site options. Ernie toured us around to the different sites, and guided us in. The campground was close to the state park, great beach. Altoona was a wonderful town to visit, and walking distance from the campground to the ice cream shop. Thanks Ernie for checking in and chatting with us every evening.
